Thursday, 28 October 2021 | 10.00 AM (WIB/GMT+7)

Organised by:

Manufacturing Series:

Webinar Sponsored by:

● TECH-TALK by Manufacturing Indonesia

Indonesia's Metal Works & Machinery Industry trends are subject to constant change, be it as a result of regulatory policy, sustainability requirements, or concerns regarding emissions and safety. These factors are not only driving companies to conduct business in a new way and constitute the most important challenge for the next 5 years, they also drive the need for proven designs to meet performance targets, to improve communication to help widely distributed teams collaborate, to increase innovation to meet the upcoming challenges, and to continuously validate to maintain the quality of the products.

From this webinar, participants will concurrently gain the knowledge, insights, and core capabilities metal works & Machinery manufacturers will need to embrace to succeed in 2022 and beyond.

Taking the theme of **2022 METAL WORKS & MACHINERY INDUSTRY INSIGHTS AND TRENDS**, the webinar was successfully held on **Thursday, 28 October 2021, at 10 AM (GMT +7)** and was hosted by experts in the industry.
